

REACH Compliance Declaration

As part of the European Community and in order to take responsibility for minimizing environmental human impacts.

Based on feedback from our suppliers, fothermo System AG ensures that the manufactured appliances fully meet the requirements of Regulation 1907/2006 on Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).

fothermo System AG performs a continuous review of ECHA and is always in close contact with its suppliers on the update of the list of Substances of Very High Concern (SVHC).
